

Add Advanced Protection From Persistent Pests

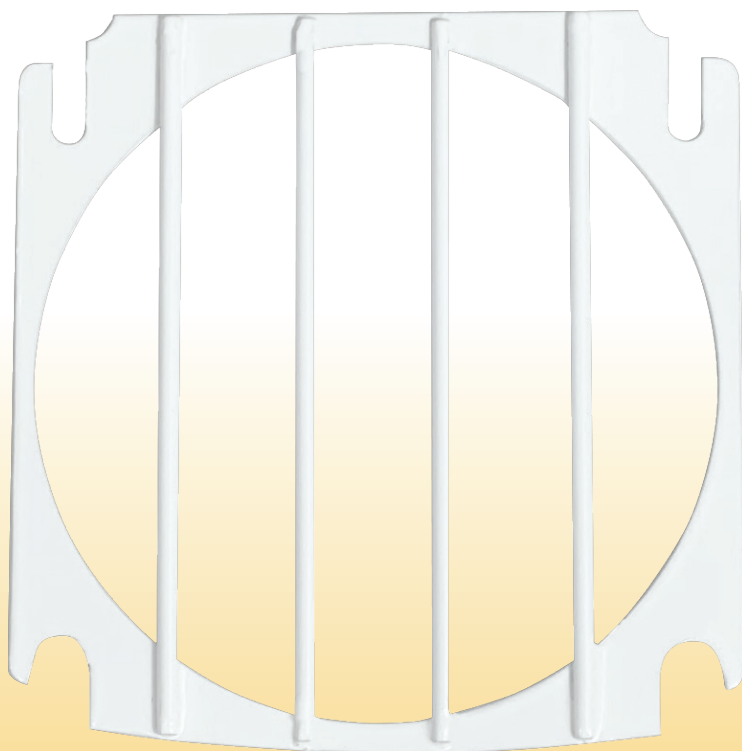

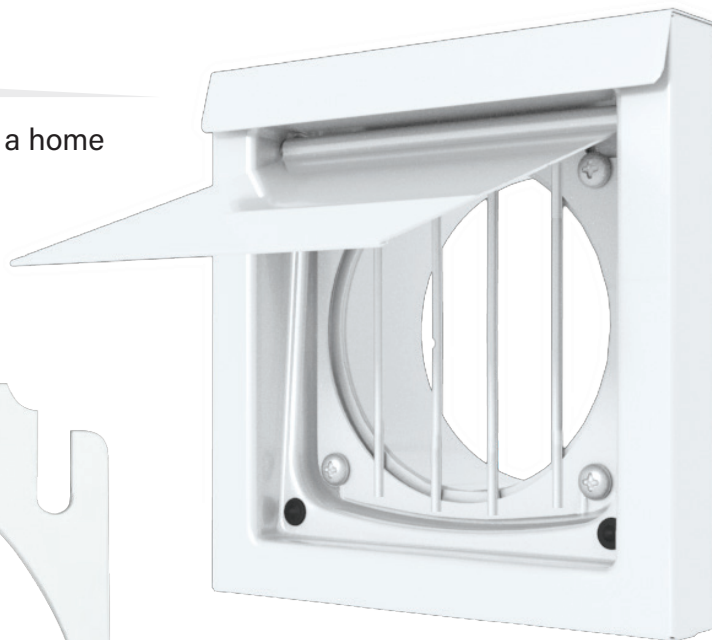

Insert Guard

Extra Barrier

When critters are incessantly working to make a home inside exhaust vents, bring out the big guns.

Adding the G4DWV Insert Guard is a sure, simple solution to keep pests out.

G4DWV

The DryerWallVent Insert Guard is a durable, one-piece accessory that provides extra protection against animal intrusion even when the dryer is in use.

Vertical bars help minimize lint buildup and airflow restriction. The G4DWV Insert Guard is easy to install and easy to remove for maintenance.

Built to Last

Manufactured in the USA and designed specifically to fit discreetly beneath the DryerWallVent damper, the Insert Guard will stand the test of time. Heavy gauge Galvanized steel with a white powder coated finish to complement the DryerWallVent's high quality, clean looks.

**Made in
the USA**
